

DATASHEET

BDVision

The Endpoint Defender Attackers Fear Most Built for MDR. Designed to Outthink Attackers.

At Binary Defense, we're not here to play it safe. We're here to protect your business like it's our own, relentlessly and unapologetically. Every part of BDVision is built to disrupt attackers, defend your environment, and deliver results that matter.

Powerful Features

Behavior-Based Detections

Spot threats based on patterns, not just signatures.

EDR Bypass Detection

Catch advanced techniques used to evade endpoint defenses.

AI-Enhanced Detections

Uncover subtle signs of compromise with AI detection techniques.

Deception Technology

Fake environments to distract attackers and protect your real assets by turning every attack attempt into actionable intelligence.

Managed Containment

Contain threats instantly with targeted playbooks across your deployed fleet.

Identity Safeguards

Disable compromised accounts to prevent lateral movement.

What Makes BD Vision Different?

Watch the Watchers

Comprehensive EDR Evasion Detection:

Detect and monitor techniques attackers use to bypass traditional defenses. Stay one step ahead of evasive threats.

Deceive the Attackers

Simulated Environments to Mislead:

Create traps that waste attackers' resources while revealing their strategies to strengthen your defenses.

Disrupt the Attackers

Neutralize Attack Chains Without Impact:

Stop lateral movement, block exfiltration attempts, and neutralize threats in real-time without slowing down your team.

"It stands out when it pairs its in-house-developed endpoint detection and prevention technology with other endpoint detection and response (EDR) and endpoint protection platforms (EPPs)"

–Forrester Wave: Managed Detection and Response 2025

OS	Supported Version
4 Debian (x64)	Debian 11
macOS (x64/M1)	macOS 10.15 (x64,) 11 (x64/M1,)12 (x64/M1)
Red Hat Enterprise Linux (x64)	Red Hat 7, 8, 9
Ubuntu (x64)	Ubuntu 18.04, 20.04, 22.04
Windows Server	Windows Server 2012, 2016, 2019, 2022
Windows Desktop (x86)	Windows 8.1, 10
Windows Desktop (x64)	Windows 8.1, 10, 11

Binary Defense is a trusted leader in Managed Detection and Response (MDR), helping organizations across industries stay ahead of modern cyber threats. Our team of SOC analysts, threat hunters, detection engineers, and researchers works around the clock to deliver outcomes that matter: earlier threat detection, faster response, and stronger long-term security.

We take an attacker's mindset to defense, combining deep expertise with proactive tradecraft to protect what matters most.
